HISTORY

The roots of 4 Seasons Outdoor goes back to 1967 when my parents started their Retail business in Nijmegen, The Netherlands. In the early 70's they also started selling garden furniture. From the mid-eighties the trade in garden furniture became their core business with production mainly in Europe.

In 1999 I took over the family business and in 2003 we created our brand 4 Seasons Outdoor.

High quality, great comfort, all-weather abilities, unique designs and value for money were my main criteria as they still are today. With our own manufacturing facilities both in Indonesia and China, we are in complete control of the production process from initial design concept to final furniture in your garden. 4 Seasons Outdoor has become a premium brand in garden furniture with products selling worldwide. More than 2000 people are involved in our production process.

With our own offices and showrooms in The Netherlands, Belgium, Germany and the UK we are fully aware of the local needs and are now widely recognised as specialists in offering THE WORLD'S FINEST GARDEN FURNITURE.

Nowadays we are a premium brand selling our beautiful garden furniture collections worldwide.

We continue to develop new designs, new materials and new combinations using our main criteria of creativity, quality and craftsmanship. Our goal is to keep surprising the world with extraordinary, innovative, timeless and trendy garden furniture styles. This is our main mission and our continued drive.

Frits Wolf

4 Seasons Outdoor

Follow us on:

DESIGN & **QUALITY**

Everything starts with an idea, a sketch for a new design. Our own people create and develop the design. With great love and attention for comfort and durability, but also for a lovely comfortable arm rest, special chair legs and surprising colour combinations. Together with our wicker specialists and designers we've been developing extraordinarily, innovative and solid models for nearly 20 years. We use only the finest materials. That's why we offer 10 year warranty on our Hularo wicker products.

HANDMADE

WITH PASSION

On average our wicker workers spend 3 days on one piece of furniture. Every piece of furniture is crafted with a lot of care and attention, as you will see and feel. Quality, craftsmanship and a love for design: those are the three ingredients that constitute 4 Seasons Outdoor garden furniture.

HULARO WICKER OUTDOOR SYNTHETIC RATTAN FIBER

Hularo is synonymous with the absolute top in synthetic wicker. That's why we give a guarantee of no less than 10 years on our wicker! It's easy to clean, durable and resistant to UV rays, salt water, lotions, chlorine and alcohol. It's not easy to tell Hularo apart from real rattan, except for the countless benefits it offers compared to natural materials. Hularo is colourfast and available in a wide range of natural tints. The materials contain no hazardous substances and can be fully recycled.

ICON EXPLANATION

ALL WEATHER CUSHIONS

4 Seasons Outdoor furniture is durable and weather resistant, what about our cushions? All of our collections have cushions with an Olefin cover (mostly with a zipper) and an anti-mould foam inside. This Olefin fabric can stand UV rays, temperature differences and dries fast. We do advise to cover your cushions to avoid stains caused by any other influences, and enjoy your 4SO furniture directly after a heavy shower.

HULARO

All 4SO wicker is covered by 10 year guarantee, but how is that possible? Hularo wicker is synonymous with the absolute top in synthetic wicker. It's easy to clean, durable and resistant to UV rays – salt water – lotions – chlorine and alcohol. The material contains no hazardous substances and can be fully recycled.

STAINLESS STEEL

A luxurious material with perfect outdoor abilities, used in a wide range of 4SO furniture. Stainless steel is strong and slightly flexible, in several collections we use a powdercoated tube with a sophisticated design. Also our brushed Stainless steel frames stand out, looking modern and slick. Keep them in shape using 4SO cleaning and maintenance products.

SUNBRELLA

In some of 4SO collections, Sunbrella fabric covers are used. The Sunbrella quality is exceptional, this 100% solution dyed Acrylic material is extremely color-fast and durable while the color is already applied in the fibre of the thread making it 'The World's Finest' outdoor fabric available. It's easy to clean and feels very soft and breathable.

TEAK

In all 4 Seasons Outdoor ranges, when applied we only use high quality Teak wood with a SVLK/V-legal certificate. Teak hardwood has natural oils inside that make it withstand the weather conditions. The natural defense mechanism of Teak turns the outside in a light grey look, depending on the weather conditions it may take 3 – 12 months. We offer a wide range of 4SO maintenance products for cleaning and treating your Teak wood, finishing it in your preferred look!

HPL

The fabulous look of stone or ceramic material, but light weight and easy maintenance: the ideal tabletop is here. High Pressure Laminate is a technical material, it's made out of many polyester layers that collide by very high pressure and temperature. This process creates a very solid, weather resistant base. The bottom and top layers are available in several looks and seal the base from dirt, moist and UV rays. That's why HPL tops are easy to clean, low in maintenance and perfect for outdoor use.

HUGO DE RUITER

A famous Dutch designer, globally known by his exceptional designs for leading brands all over the world. Hugo de Ruiter graduated at the prestigious Design Academy Eindhoven, the Netherlands. After working as a product developer and home designer for 20 years, he became an independant designer with his own consultancy in 2001. He combines his passion for design with his knowledge of the craft. Nowadays he has various awards to his name.

Visit www.4seasonsoutdoor.com for a complete overview of materials, maintenance and guarantees about our collection.

PUT 4SO IN YOUR GARDEN

THE 4SO APP

View the full collection and then place your favourite set in your own garden! To do this, just select a set and use the camera on your phone or tablet to position the set in your garden.

You can save a picture or share it by email, Twitter or Facebook. Download it for free on the Apple App Store or Google Play.

ROPE

This beautiful material is perfect for outdoor use, as 4SO Rope is not just a common lace to tie your shoe with. We use a high quality Rope, made from 100% Solution Dyed Polypropylene. This material is high in strength and has a very small percentage of stretching. Polypropylene is oil-based so dirt or moulds hardly get in, just like our cushion covers. We offer exclusive designs, using hand woven Rope patterns and techniques!
